

Reduce Your Expenses

Request Active Duty Search

RADS

Success = Automation + Efficiency

If you are required to perform a DOD search for active duty status

WE CAN SAVE YOU MONEY!!!!

Consider this Time Study:

One employee performing one DOD search consumes a minimum of two minutes and does not produce an image. Depending on your collection software, image capture could take an additional 1.6 minutes.

Let's look at the dollars:

At an hourly rate of \$17/hr, a fully loaded employee actually costs \$23/hr which is \$.3825 per minute. Each DOD search is costing you \$.765.

You NEED Request Active Duty Search (R.A.D.S.):

You will pay only \$.06 per record

Your savings is.....\$.705 per record or 92% savings

Pay only 8% what you are paying now!!!!!!

We will process 50-120 records per minute

CLS User Bonus:

We create YGC record 9 to make an entry into the paperless, allow you to use an Xcode and if you are using ImageMaster with image capture, we place a TIFF image in a folder named the file number for easy recall. Simply import and you have completed the process, saving you even more!

Image capture fee is .08 per record.

It's Your Money.....It's Your move
